Last Call: Member Feedback

Earlier this year, after careful consideration of our chapter's sustainability needs, our chapter Board of Directors approved fee increases for select programs that were previously free, such as Networking & Knowledge and 411 on the CFRE. We added a \$10 fee for members and increased the non-member rate from \$45 to \$49.

In advance of our April Board of Directors meeting, we are inviting all members of AFP Greater Cincinnati to submit a survey response with feedback on recent pricing structure changes. Our goal is to include as many voices as possible in our board discussions. The survey will be open through the close of business today - **Thursday, April 10th**. Click the link below and let us know your candid thoughts!
